

Industrial EPDM NBR CR IIR butyl Rubber Sheet

Low hardness, high elasticity, can work in high pressure,

temperature of -35-80°C air; Used for punching gaskets and pads with

good impact resistance and sealing performance

High temperature resistance

good sealing

Strong toughness and anti-aging

Parameters

Product name	Rubber Board
Material	Rubber
Thickness	1-50mm
Length	10m, 15m, 20m, 30m...50m or according to customer demand
Width	1m, 1.2m, 1.5m, 2m or according to customer demand
Elongation (%)	200-700
Denisty(g/cm3)	1.2-1.4
colour	Black,Red,Yellow or according to customer demand
Application	1) Available for gaskets, seals, o-rings, washer. 2) Used in mining industry. 3) To prevent fire environment, fridge, air conditioner. 4) To be used as floor. These high quality rubber sheets are suitable for a wide range of applications.
tensile strength	4Mpa
rigidity	60-80
Temperature	-30°C-80°C
